## INTRODUCTION

A range of personal data is registered on your Navigation system, MyT by Toyota App and in your My Toyota Customer Portal, to help provide you with a seamless customer journey. When selling or disposing of the vehicle, you must remove your personal data from these systems following the steps in this document.

Why would I need to follow this process?

- I am a user and I am selling my car. Before that, I would like to delete my profile (including data such as contact data, call history data) from the head unit. How? [Click here](#)
- I am a user and I want to delete my account (subscriptions will be terminated and car will be removed). How? [Click here](#)
- I want to unsubscribe from Connected Services but keep my account and the car. How? [Click here](#)
- I am a user and want to remove the car before selling it. I know that when the car will be removed, my subscriptions will be terminated. How? [Click here](#)

Please make sure you desynchronize your account from the car using the app or the customer portal. The head unit only allows you to delete your profile from it, your account will always be linked to the car without further action on your part.

# NAVIGATION

Personal data that may be in your navigation system includes contact data, call history data, favourites data, image data, all phone settings & message settings.
