Info valid as of 10/2023
Availability and details of feature specifications provided in this PDF may vary from models available in your area. Contact your Local retailer for information on local specifications and equipment.
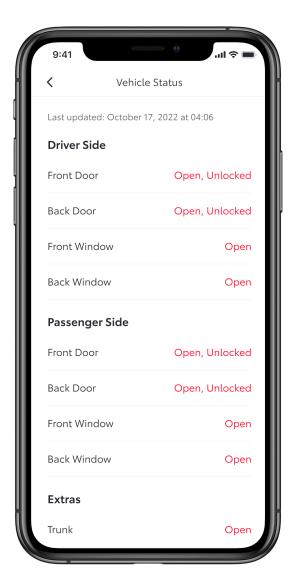

HOW TO USE VEHICLE STATUS

STEP 1
VEHICLE STATUS

On the home screen a green or red icon will quickly indicate the status of the vehicle.

Tap on "View Status".

STEP 2
CHECK VEHICLE STATUS

Depending on the vehicle capabilities Vehicle Status can include:

- Door(s) status
- Door(s) lock status
- Windows status
- Hood
- Trunk
- Head Lamps
- Hazard Lights

You can pull to refresh the data.

PUSH NOTIFICATIONS

5 to 10 minutes after the engine is switched off, the vehicle status will be sent to your app. If one of the situations below is identified, a push notification will be sent to your phone.

Door(s) Unlocked
Door(s) Open
Trunk Open
Hood Open
Sunroof Open
Window(s) Open
Rear Seat Reminder
Warning Lights

REAL LIFE EXAMPLE: DOORS DETECTED AS UNLOCKED

STEP 1

Tap on the push notification.

STEP 2

Tap on lock doors.

Availability and details of feature specifications provided in this PDF may vary from models available in your area. Contact your Local retailer for information on local specifications and equipment.
